NPIC TRAINING SELECTION PANEL

Minutes of the 14 December 1970 Meeting

Attendees:

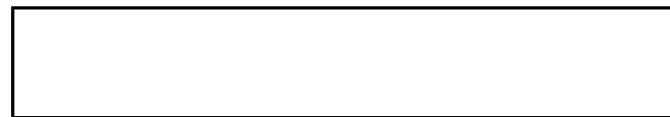

Executive Secretary

1. The Training Selection Panel met on 14 December 1970 to review and select NPIC candidates for the Executive Development Program at Cornell University to be conducted 21 June - 30 July 1971. The program is designed for administrators who now hold key management positions or who are headed in that direction. The Agency had two participants in the 1970 program: [redacted] GS-14, Office of Personnel and [redacted] GS-15, Office of Security.

2. The IEG Panel member was absent due to a death in his family. The Panel members in attendance determined they had no candidates for this program. It was felt that on the surface the program looked very good, however a detailed examination reveals a heavy emphasis on business and corporate financial matters. A major portion of the Cornell program is devoted to such subjects as "Reporting and Administering Assets and Capital Sources" and "Formulating and Implementing Corporate Strategy". The Chief, IEG, was contacted to determine if IEG had any nominees for this program. [redacted] stated he would check and inform the panel secretary.

3. The Panel members were also polled to determine if the groups or staffs would have candidates for the 1971-72 Career Education Awards Program sponsored by the U.S. Civil Service Commission. The members in attendance stated their respective Group or Staff would not have any candidates for this program. Members felt that the high academic achievement record required to successfully compete for the awards plus the age limitations and the length of the program place severe limitations on the number of eligible candidates.
